钱塘江，流经在美丽的杭州，是这片热土的生命之源

经过千百年来流淌，如今钱塘江畔的各个区域已然迸发出源源不断的新活力

Qiantang River, flowing through the beautiful Hangzhou, is the source of life in this hot land

After thousands of years of flowing, Genshan New Area on the Bank of Qiantang River has burst out a steady stream of new vitality

长河街道社区卫生服务中心，其整体布局“一步一景”，各空间互通串联，交互有序，空间的主体序列围绕舒展的大厅展开。

空间设计元素的提取则贯穿这一原则，一脉共生，江映波纹，柔和冉冉，轻盈而来

The overall layout of the new hospital area of Hangzhou first people's hospital is "one step, one scene". The spaces are interconnected and orderly. The indoor space is the continuation and secondary drawing of the vocabulary of the building. The theme sequence of space revolves around the huge and stretched curved atrium, and the extraction of space design elements runs through this principle. One pulse symbiosis, river reflection ripple, soft and winding

一层平面布置

PLANE LAYOUT

“连波叠影，漾影映今”

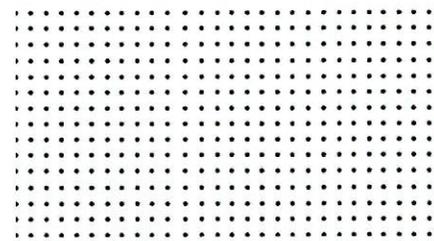

- 涟漪随日辉，漾影逐波深，伴随着和煦层叠的浪花，透过水绪的涌动与建筑的跃动，营造对大自然力量、舒展、变换、无形的活力以及对生命的崇敬与肃穆。
- 其整体布局“一步一景”，各空间互通串联，交互有序，室内空间是建筑的语汇延续与二次勾绘，空间设计元素的提取则贯穿这一原则，一脉共生，江映波纹，柔和冉冉，蜿蜒道来。

THE RIPPLES FOLLOW THE SUN, THE RIPPLES FOLLOW THE WAVES, AND THE RIPPLES FOLLOW THE WAVES, ACCOMPANIED BY THE WARM WAVES, THROUGH THE SURGING OF THE WATER AND THE JUMPING OF THE BUILDINGS, TO CREATE THE POWER, STRETCH, TRANSFORMATION, INVISIBLE VITALITY OF NATURE, AS WELL AS THE RESPECT AND SOLEMNITY OF LIFE.

ITS OVERALL LAYOUT IS "ONE STEP, ONE SCENE". EACH SPACE IS INTERCONNECTED AND ORDERLY. THE INTERIOR SPACE IS THE CONTINUATION AND SECONDARY DRAWING OF THE VOCABULARY OF THE BUILDING. THE THEME SEQUENCE OF THE SPACE IS CARRIED OUT AROUND THE HUGE AND STRETCHING CURVED ATRIUM. THE EXTRACTION OF SPACE DESIGN ELEMENTS RUNS THROUGH THIS PRINCIPLE. ONE PULSE IS BORN TOGETHER, THE RIVER REFLECTS THE WAVES, GENTLE AND WINDING.
